# Our Trees

For our live trees we only use top quality nondrop Nordmann fir. We also supply artificial trees.

Our fully decorated trees, both live and artificial, come in a range of colour schemes, bespoke designs are also available.

Our contemporary cones can be used in a wide sphere of environments, from a small desktop display, to a large floor standing centrepiece.

If you prefer to add your own decorations, we can supply the trees undecorated or with lights only.

Refer to page 14 for available specifications.

Do you require battery operated lights?

Please be aware that it is your responsibility to provide power to the base area of the tree, however we can help out with providing battery operated lights if you have no access to power in your tree area. These will be an additional cost of £30.00 + VAT.

NB: Battery lights only available for trees up to 8ft.

# Terms and Conditions

## DELIVERY

PLANTERIA aims to deliver during the chosen week on the order. However, delivery is scheduled geographically and will be confirmed after 15<sup>th</sup> November 2021. PLANTERIA reserves the right to charge a redelivery fee of £75.00 + VAT, should the delivery team be unable to install the tree due to access or ceiling height issues. PLANTERIA also reserves the right to charge a cancellation fee of 60% of the order value (ex VAT) should the delivery, if fully correct, be rejected on arrival.

## TREE CARE

Cut trees are like cut flowers: maintaining a supply of fresh water to the stems will help prolong the freshness of the foliage. Real trees will be supplied with a tree stand (with in-built watering system) It is the client's responsibility to maintain a fresh supply of water and instructions will be left with each tree on installation. Hot, dry and dark conditions will speed up the drying out process of the needles – we will guarantee any interior tree delivered before 1st December 2021 up to Christmas Day. Any interior tree delivered from 2nd December 2021 onwards, we will guarantee up to New Year's Day.

## HEALTH & SAFETY

It is the client's responsibility to ensure there are no trip or fire hazards.

## ELECTRICITY SUPPLY

It is the client's responsibility to provide a safe 240v mains supply to the base of each tree and we recommend that a circuit breaker is fitted. We are unable to provide extension leads. Please note that several sockets are required for larger trees. If the installation team deem that any extension leads/wiring is unsafe and against Health & Safety regulations, then they will install the tree and lights, make sure all lights are working, then unplug the tree and leave the leads in a safe position.

## OWNERSHIP

All materials remain the property of PLANTERIA and any losses or damages will be charged for (unless otherwise stated).

## COLLECTION

Trees will be collected from 29<sup>th</sup> December 2021 through to early January 2022. PLANTERIA will ensure the area is left clean and tidy. Again, PLANTERIA aims to collect during the chosen week on the order, however collections are scheduled geographically and will be confirmed after 15<sup>th</sup> November 2021. PLANTERIA reserves the right to charge a failed collection charge of £75.00 + VAT, should the collection team not be able to collect the tree due to access issues.

## UNDECORATED TREES

Trees must be cleared of any clients' own decorations before collection.
